

Logging In

1 Introduction

The Department of Energy's (DOE) Office of Science (SC) Portfolio Analysis and Management System (PAMS) is SC's web-based system for managing proposals and subsequent financial assistance awards (grant and cooperative agreements).

Whether you need to submit a Letter of Intent (LOI), Proposal, Revised Budget or Review you must first login to your PAMS account.

The purpose of this document is to provide step-by-step instructions for users to follow to log in to their external PAMS account.

2 Prerequisites

Before a user can log in to his or her external PAMS account, the following criterion must be met:

- The user has an existing external PAMS account.

3 Logging In to PAMS

Use the following steps to log in to your external PAMS account.

1. Navigate to the External PAMS login page at: <https://pamspublic.science.energy.gov/webpamsepsexternal/login.aspx> (Figure 1).

The screenshot shows the 'Existing User Login' page of the PAMS system. The page has a blue header with the U.S. Department of Energy logo and 'Office of Science' text. Below the header is a navigation bar with 'Login' and 'Existing User' tabs. The main content area is titled 'Existing User Login' and contains a login form with 'Username' and 'Password' fields, a 'Login' button, and links for 'Forgot Password' and 'Forgot Username'. To the right of the form are sections for 'New User Registration' (with links for 'Search Solicitations' and 'Create New PAMS Account') and 'Other Links' (with links for 'Award Search', 'Recommended Settings', 'Contact Us', and 'PAMS User Guide'). At the bottom of the form is a 'System Use Notification' section with a disclaimer. The footer contains links for 'Acceptable Use Policy', 'Viewers And Players', 'Contact Us', and 'PAMS External User Guide', along with product and platform information.

2. Enter your username in the "Username" field in the Existing User Login section.
3. Enter your password in the "Password" field in the Existing User Login section.
4. Click "Login", or hit the Enter key on your keyboard. PAMS will navigate you to your PAMS External homepage (Figure 2).
